

# Art Therapy in Europe

## Survey 2019

---

This survey, about the practice of professional **Art Therapists in Europe** has just been launched!

Please take part and contribute to the research held by the European Federation of Art Therapy (EFAT) in collaboration with NHL Stenden University in Netherlands. The survey is carried out by the Research Committee of EFAT with the help of the Human Resources Department of NHL Stenden University.

**Under the following link, you will find the questionnaire which is a result of an ongoing attempt to create a map of the current status of the Art Therapy Profession across Europe. Completing this questionnaire will take you approximately 15 minutes. Please use the link below to access the survey online and fill in **before 6 dec. 2019**:**

<https://www.arttherapyfederation.eu/european-art-therapy-survey.html>

***After you finished the survey there will appear a request for filling in your email address when you want to have a chance to win:***

*Among the participants three e-books will be allotted:  
“The Wiley Handbook of Art Therapy (2017)”  
by David E. Gussak & Marcia L. Rosal (Editors)*

**THANK YOU FOR PARTICIPATING!**

*If you have any questions or would like more information about the survey or about this research, please contact Celine Schweizer at [celine.schweizer@nhlstenden.com](mailto:celine.schweizer@nhlstenden.com)*
